Remarks

The Office Action requests restriction between Group I claims 1-23 (drawn to computer input device with a specific array of optical sensors on a transparent substrate) and Group II claims 24-34 (drawn to a method and system of remotely controlling a cursor on a computing device using an electromagnetic beam). Applicant hereby elects Group I claims 1-23. New claims 35-38 have been added and are believed to read on the elected invention.

If the Examiner believes that additional discussions or information might advance the prosecution of this case, the Examiner should feel free to contact the undersigned at the telephone number indicated below.

Respectfully submitted,
